Knowledge of Dart

Knowledge of SQLite

UI designer

Writting clean code

FireBase

GETTING STARTED

I started out learning Flutter in 2021 when i saw someone creating Application so I took a keen interest and wanted to learn how to do that . I started looking at tutorials and began learning how to create Applications

WHY I HAVE CHOSEN THIS

I have always been interested in making games and application and I love the idea to represent something so professionally that it sticks with people and help the brand build meaningful identity

Thank you for your time!
